The object of the proposed revision of the boundaries of the periyapatna minor municipality is to exclude the hamlets of Parekoppal and Javarekoppal which are at present included within the limits of the said municipality

2 The reasons for this proposal are that:

1) the said hamlets are more than two miles away from the town proper

2) the residents of these two hamlets have been urging for excluding them from the municipality in question and to constitute them under a village panchayet, as they are not at present deriving any benefit under the present arrangement

3 It is also proposed to include certain S nos of Abbur village, so as to bring the present Taluk office building and the Travellers' Bungalow within the Municipal limits

4 The proposal appears, for

SUBJECT - Separation of Parekoppal and Javarekoppal from the Municipal limits of Periyapatna

In forwarding herewith the file of record ending with Sub Division Officer's report No Rl C 789/38-39 dated the 19th March 1941 on the above subject, I have the honour to state as follows -

2 The boundaries of Periyapatna Minor Municipality were fixed in the year 1918 in this Office Notification dated the 22nd February 1918 The Municipal area comprises the marginally noted localities of the Town besides the three hamlets of Dyavegowdanakoppal, Parekoppal and Javarekoppal A sketch showing their position is enclosed Dyavegowdanakoppal is about 1½ furlongs from the Petta The other two hamlets of Parekoppal and Javaregowdanakoppal are more than two miles from the Town proper The residents of the above three Koppals presented several petitions praying for separation from the Municipal area and being formed into Village Panchayets Some of their petitions are in the file

1. Petta,	*
2 Santhemala,	(
3 Upparakere,	*
4 Fort,	(
5 Dodda Adikarnatakas' Colony	* (

3 The question of separation of these Koppals from the Municipal limits came up for consideration before the Municipal Council, Periyapatna, at their meeting held on the 31st July 1939 In view of its nearness to the Petta, the Municipal Council have resolved that Dyavegowdanakoppal need not be excluded from the Municipality The Municipal Council have promised to look to the needs of this

Koppal and remove any justifiable grievance which may exist

4 As regards the separation of Parekoppal and Javarekoppal,the Municipal Council have resolved at their meetings held on the 31st July 1939, 13th October 1939 and the 1st December 1940, that these hamlets be excluded from the Municipal limits subject to the following conditions -

1 THE taxes so far realised by the Municipality from these hamlets will not be refunded to the villages in view of the improvements effected to them by the Municipality,

2 THE Municipality does not undertake to recover the arrears of taxes due from these hamlets and hand over the same to the Panchayet as a starting fund

5 Parekoppal and Javarekoppal are quite near to each other, the distance between the two places being about - one and a half furlongs The distance from these Koppals to Periyapatna is more than two miles The Municipal Council have expressed their inability to effect much improvements to these Koppals on account of their distance from Periyapatna and their poor contribution to the coffers of the Municipality The present annual demand of these two Koppals is only Rs 52/- of which Rs 30/- is from Parekoppal and Rs 22/- from Javarekoppal The arrears at the end of last year were Rs 344-2-0 But, at the time of inspection of the Municipal Office conducted by me during April 1941, it was noticed that the arrears had mounted up to Rs 365-14-0 The inhabitants of these hamlets are poor Besides, many of them appear to have with-held the taxes as a protest against the inclusion of the Koppal within the Municipal limits The Municipal Council also would be glad to exclude them

6 While sending up the above proposal, the Municipal Council have also proposed to include in the Municipal limits certain Survey numbers belonging to Abbur village, so as to bring the present Taluk Office building and the Travellers' Bungalow within the Municipal limits

7 The Municipality will not suffer much financially by the exclusion of these hamlets Both the Amildar President and the Sub Division Officer, Mysore, have recommended the sanction of the proposals of the Municipal Council They have suggested that the two hamlets be constituted into a single Village Panchayet as prayed for by the villagers

8 In the foregoing circumstances, I request that under Section 4 of the Mysore Minor Municipalities Act of 1933, Government be pleased to issue a Notification declaring that the Municipal area comprised within the limits of Parekoppal and Javarekoppal be excluded from the Municipality and that instead, the area comprising the Taluk Office building and the Travellers' Bungalow be included within the limits of Periyapatna Municipality

9 The connected records and the draft Notification defining the proposed boundaries are enclosed
